How do I move down a level?

Reviews will take place every April and October. To continue in your tier level, you must maintain the required number of Status Credits in that 6 month period for your tier.

Earning Status Points

Status points help you move up the tier levels! Each time you visit us make sure to swipe or insert your membership card at participating facilities, and when making purchases at the bar. For e.g. Earn 1 point for every \$1 spent at the bar. Pick up a Sporties Rewards brochure next time you visit us for further information. Status Points are not earned when making purchases at the Restaurant.

Earning Bonus Points

Bonus Points are points for you to spend & enjoy! Spending these points will not drop you down a level. Earn bonus points in your birthday month & selected promotions. Make sure to use your card throughout the Club to earn Bonus Points. Bonus Points do not contribute towards tiering levels. Keep an eye out for your monthly point statement sent via email which includes your Bonus Point balance.

One bonus point is equal to one cent . For example:	5000 points = \$50
	1050 points = \$10.50

Spending your Bonus Points

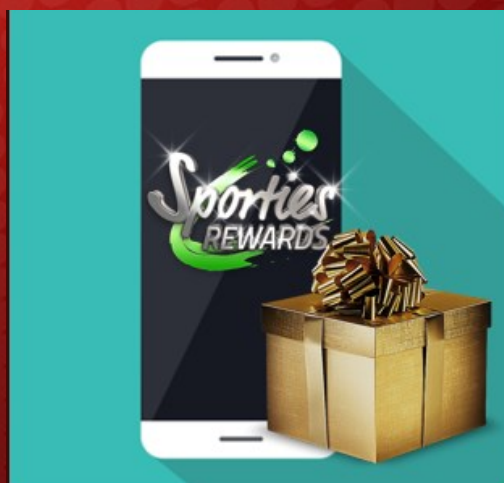

There are many ways you can redeem your Bonus Points. Once you have saved up enough points, you can use your Bonus Points on bar and restaurant purchases within the Club, or buy Eftpos cards. Just let our staff know you would like to Pay by Points.
